Education

Vellore Institute of Technology

Bachelor of Technology – Computer Science and Engineering (CSE Core)

• CGPA: 8.05 / 10

Chennai, Tamil Nadu

Expected May 2028

Technical Skills

Languages: Python, C, C++, Java, JavaScript, SQL, PHP

Frontend: HTML5, CSS3, React.js

Backend & Database: PHP, MySQL

Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming, DBMS

Tools & Platforms: Git, GitHub, VS Code

Currently Learning: Data Science, Machine Learning, Artificial Intelligence (via Code With Harry)

Projects

Campus360 – College Platform | HTML, CSS, PHP, MySQL

2024 – 2025

- Developed a comprehensive college platform featuring user authentication, forum discussions, internship tracking, and resource sharing modules.
- Built fully responsive frontend pages with clean and intuitive UI/UX using HTML5 and CSS3.
- Implemented backend functionality using PHP and MySQL, handling data storage, user management, and CRUD operations efficiently.

Smart Dhobi – Smart Laundry Management System | React.js, Firebase, JavaScript

2024 – 2025

- Developed a web-based laundry management system that digitizes the complete laundry workflow between students and laundry staff.
- Implemented authentication, laundry status tracking, token-based verification, rack allocation, and real-time notifications using Firebase services.
- Designed a responsive interface enabling students to schedule laundry requests, monitor order progress, and receive pickup updates efficiently.

NorthPeak Digital – Responsive Agency Website | HTML, CSS, JavaScript

2026

- Developed and deployed a fully responsive one-page agency website featuring a hero section, services, testimonials, pricing, and a contact form with client-side validation.
- Optimized performance and accessibility, achieving 90+ Lighthouse scores through image optimization, semantic HTML, and accessibility improvements.
- Deployed the application to a public hosting platform and maintained the project using Git and GitHub following modern frontend development practices.

Courses & Certifications

Data Science with Python | Code With Harry | In Progress

2025 – Ongoing

- Completed Python fundamentals and core programming concepts; currently advancing into NumPy, Pandas, data analysis, and machine learning algorithms.

Positions of Responsibility

Lead

2025 – Present

Haryana Hood Literary Club, VIT Chennai

- Lead and coordinate all club activities, literary events, and creative initiatives for a **50+ member** community.
- Manage a cross-functional team, overseeing event planning, content curation, and member engagement across semesters.

Achievements & Activities

- **Solve-A-Thon Hackathon** – Participated and earned a certificate of participation; demonstrated collaborative problem-solving under competitive time constraints.
- Pursuing a **multi-stack learning path** (Full Stack Web Development + Data Science + AI/ML) concurrently while maintaining an 8.05 CGPA.
